Dear Claire

MINISTERIAL STATEMENT 1237 – WORSLEY MINE EXPANSION – REVISED PROPOSAL – ENVIRONMENTAL MANAGEMENT PLAN – APPROVED

I refer to the submission of Flora and Vegetation Management Plan Version 7 WAPL-Business-CD-200001092 to the Department of Water and Environmental Regulation (DWER).

DWER has reviewed the plan against the requirements of condition B12-6, B12-7, C4-1, C4-3, C4-4 and C5-1 and has sought technical advice from the Department of Biodiversity, Conservation and Attractions (DBCA).

DWER approves the plan this year only. Looking ahead to the next annual submission, a workshop is to be held with DWER, DBCA and South32 representatives to communicate expectations going forward and to gain alignment on key matters and continuous improvement.

If you have any queries on the above information, please contact me using the details above.

Yours sincerely

Matthew Jones
