Details on each of the Resolutions to be proposed at the Meeting are included in the Notice of Meeting and the Explanatory Notes.

This year we will ask our Shareholders to support how our Company is addressing the risks and opportunities that climate change presents by proposing a Climate Change Action Plan (**CCAP**).

Since the design of our inaugural climate change strategy in 2015, both the risks and opportunities of climate change have been at the centre of our thinking. The Company has since committed to reshaping its portfolio through the lens of our climate commitments by investing in the base metals we believe are critical for a low-carbon world.

Delivering on our climate change commitments is fundamental to our purpose:

To make a difference by developing natural resources, improving people's lives now and for generations to come. We are trusted by our owners and partners to realise the potential of their resources.

The CCAP sets out our approach, our commitments, our progress to date, our unique risks and opportunities, and the actions we are taking to play our part in addressing climate change. The CCAP includes two new commitments: 1) a goal of net zero Scope 3 GHG emissions by 2050; and 2) not to develop or invest in greenfield metallurgical coal projects. The CCAP is set out on pages 68-105 of the Company's 2022 Sustainable Development Report which is available on our website at www.south32.net.

The Directors recommend that Shareholders vote **in favour** of Resolutions 2(a) to 5 inclusive. Information on voting is available in the 'How to vote' section on page 26 of the Notice. 2 RE-ELECTION OF DIRECTORS

Resolutions 2(a) and 2(b) seek approval for the re-election of Mr Frank Cooper and Dr Ntombifuthi (Futhi) Mtoba as Directors of the Company.

While Mr Cooper and Dr Mtoba were last re-elected at the Annual General Meeting in 2020, they are standing for re-election this year to satisfy the ASX Listing Rule and Constitution requirements to hold an election of Directors at each Annual General Meeting and to smooth the rotation of Director re-elections. In accordance with Rule 8.1(d) of the Company's Constitution, Mr Cooper and Dr Mtoba will retire, and being eligible, will seek re-election at the Meeting.

In assessing the independent status of a Non-Executive Director, the Board considers a range of factors as set out in our Independence of Directors Policy (contained in the Risk and Governance section of our website at www.south32.net). The Policy mirrors the requirements set out in the ASX Corporate Governance Council's Corporate Governance Principles and Recommendations. The Board conducts a review of Directors' independence on an annual basis.

Following the FY22 review of Mr Cooper's and Dr Mtoba's independence, the Board has not identified any factors that would compromise these Directors' independence status and considers both Directors to be independent.

The biographical details of each Director seeking re-election are set out below.

3 ADOPTION OF THE REMUNERATION REPORT

In accordance with section 250R(2) of the Corporations Act, Shareholders are asked to adopt the Company's Remuneration Report for the financial year ended 30 June 2022 (**FY22**).

The Remuneration Report is set out on pages 74-102 of the 2022 Annual Report, which is available on our website at www.south32.net.

The Board is committed to a remuneration philosophy and framework that supports the implementation and achievement of our strategy and business objectives. Our remuneration structure is designed to incentivise and reward our executive KMP, while ensuring that reward outcomes reflect overall business performance and the Shareholder experience.

The Remuneration Report:

Recommendation

The Board recommends that Shareholders vote **in favour** of adopting the Remuneration Report for the financial year ended 30 June 2022.

Voting Exclusions

A voting exclusion applies to this Resolution, which is set out in the Notice of Meeting under Resolution 3.

4 GRANT OF AWARDS TO EXECUTIVE DIRECTOR

The Company is seeking Shareholder approval for the proposed grant of rights to receive fully paid ordinary shares in the Company (**Rights**) to Mr Graham Kerr, Chief Executive Officer and Managing Director of the Company, comprised of:

- the deferred equity component of Mr Kerr's short-term incentive (**STI**) award for FY22; and
- Mr Kerr's long-term incentive (**LTI**) award for the financial year ended 30 June 2023 (**FY23**).

Details of the approach taken to calculate the number of Rights to be granted are set out below.

Subject to Shareholder approval, the grant of Rights will be made under the South32 Limited Equity Incentive Plan (**EIP**). As the Rights form part of Mr Kerr's remuneration, they will be granted at no cost to Mr Kerr and there will be no amount payable on vesting. Each Right will entitle Mr Kerr to receive one Share on vesting, although the Company retains a discretion to pay Mr Kerr cash to the same value.

ASX Listing Rule 10.14 requires the Company to obtain shareholder approval for the issue of securities to a director under an employee incentive scheme. While the Board intends to source any Shares allocated to Mr Kerr on vesting of his equity awards through on-market purchases, it is nevertheless seeking Shareholder approval in the interests of transparency and good corporate governance, and to preserve flexibility if the Company decides at the time of vesting that it is more appropriate to issue Shares.

If Shareholder approval is obtained, it is intended that the Rights will be granted to Mr Kerr in December 2022, and in any case within 12 months of the Meeting. If Shareholder approval is not obtained, the Board will consider alternative arrangements to appropriately remunerate and incentivise Mr Kerr.

Overview of CEO remuneration arrangements

Mr Kerr's remuneration arrangements are structured to encourage a long-term approach to decision-making, while providing a balance between short-term results, and longer-term business growth and success. For this reason, a high proportion of Mr Kerr's remuneration is comprised of 'at-risk' elements that will only be paid if pre-determined performance hurdles are met and the Company considers these awards are appropriate in all circumstances.

The 'at-risk' component of Mr Kerr's remuneration comprises an STI award and an LTI award.

Half of Mr Kerr's FY22 STI award will be deferred into equity for a two-year period, and the entire LTI award is delivered in equity. Receipt of an STI award is dependent on achievement of performance targets measured over the financial year that are linked to the key financial and non-financial drivers which are expected to have a significant short-term and long-term impact on the success of the South32 Group.

Performance under Mr Kerr's FY23 LTI award will be measured over a four-year period against hurdles linked to total shareholder return (**TSR**) and specific strategic measures (explained in more detail below). These hurdles are intended to ensure the awards received by Mr Kerr reflect the Company's performance and the Shareholder experience over a prolonged time frame. Further details of Mr Kerr's remuneration arrangements and how they are structured to support the Company's performance are set out in the Remuneration Report.

Key terms of the FY22 deferred STI award

Quantum of award

Mr Kerr has earned an STI award in respect of FY22 for performance against a combination of key business and individual objectives. The Board assessed Mr Kerr's performance and determined that he has earned an STI award at 74.4 per cent of maximum for his performance in FY22 against those objectives, which equates to a total value of A\$2,429,602.

Further details regarding the basis on which Mr Kerr's STI outcome was determined for FY22 are set out in the Remuneration Report. Half of the STI award earned by Mr Kerr for FY22 has been paid to him in cash.

Subject to Shareholder approval, it is intended that the remainder of the award (i.e. A\$1,214,801) will be provided to him in the form of Rights. The actual number of Rights to be granted to Mr Kerr will be determined by dividing the amount of A\$1,214,801 by the volume weighted average price (**VWAP**) of Company Shares traded on the ASX for the five trading days up to but excluding the date of grant (expected to be in December 2022). The number of Rights resulting from this calculation will be rounded down to the nearest whole number of Rights.

For example, supposing the VWAP of Shares for the grant was A\$4.00 (this price is for illustrative purposes, noting that the VWAP will be calculated at the time of grant), the number of Rights granted to Mr Kerr would be 303,700 (i.e. A\$1,214,801 divided by A\$4.00 and rounded down).

Vesting conditions

The Rights comprising Mr Kerr's deferred STI award will vest at the end of the two-year deferral period, subject to service, dealing and forfeiture conditions. Vesting is expected to occur following the release of the Company's full year results for FY24 (i.e. in August 2024).

Cessation of employment

The Board ultimately has discretion to determine how the STI award will be treated upon cessation of employment with the Company to ensure an appropriate outcome in all the circumstances. Typically, the Board will exercise its discretion to lapse unvested Rights immediately in bad leaver scenarios (for example, if Mr Kerr resigns or is terminated for cause) and to accelerate vesting of unvested Rights in good leaver scenarios.

Change of control

In circumstances where there is a likely change in the control of the Company, the Board has discretion to determine the level of vesting (if any) having regard to the relevant circumstances. As performance was assessed for Mr Kerr's FY22 STI award before the grant of the deferred equity component, the deferred equity component will generally vest in full on a change of control.

Key terms of the FY23 LTI award***Quantum of award***

Award levels for Mr Kerr's LTI award in respect of FY23 are set to incentivise him to meet South32's long-term goals, encourage his retention and contribute to the competitiveness of his overall remuneration package.

Having considered a number of factors in setting the face value of the CEO's LTI award, including alignment to the Company's overall strategy and reward philosophy, Shareholder feedback and market data for the CEO role relative to appropriate peer groups, South32 has set the face value of Rights for Mr Kerr at 200 per cent of his fixed remuneration for FY23, or A\$3,812,000 (i.e. A\$1,906,000 x 200 per cent).

The target value of these Rights is estimated to be approximately A\$2,287,200, which is 120 per cent of Mr Kerr's fixed remuneration. This target value is an estimate of the value that Mr Kerr may derive from the LTI award and takes into account the difficulty of achieving the performance hurdles.

If Shareholder approval is provided, 934,313 Rights will be granted to Mr Kerr as his FY23 LTI award. This number has been calculated by dividing the face value of the LTI award (i.e. A\$3,812,000) by A\$4.08, being the VWAP of Shares traded on the ASX over the last 10 trading days of June 2022. This period has been chosen because it precedes the start of the performance period for the LTI and is therefore aligned to the overall award approach. The resulting number of Rights has been rounded down to the nearest whole number of Rights.

These Rights represent the maximum number that can vest at the end of the four-year performance period if the performance conditions set for the award are satisfied in full (described below). Further detail on the vesting scale and Board discretion relating to vesting is provided below.

Vesting conditions

The Rights comprising Mr Kerr's LTI award will vest at the end of a four-year performance period from 1 July 2022 to 30 June 2026, subject to service, performance, dealing and forfeiture conditions. Should these conditions be met, vesting would be expected to occur following the release of the Company's full year results for FY26 (i.e. in August 2026).

The FY23 LTI will be subject to testing against the following performance conditions (which align with those that were introduced for the FY22 LTI):

a. Relative TSR

A relative TSR performance condition has been retained for 80 per cent of the award because it:

- allows for a quantitative external assessment of performance over a sustained period;
- is directly tied to the returns received by shareholders; and
- is a key indicator of Company performance over the period.

53.3 per cent of the LTI award (i.e. two thirds of the 80 per cent) will be tested relative to the TSR of the constituents of the IHS Markit Global Mining Index as at 1 July 2022. This comparator group comprises approximately 150 companies and is considered the most appropriate and objective sector comparison for South32 in terms of companies in a related industry, with a relevant commodity mix and a collective global footprint.

Vesting will occur on a sliding scale as outlined in the table below.

TSR Performance of the Company:	Vesting Outcome
■ is at or below the TSR of the constituent company at the 50 th percentile (the median) in the comparator group	0 per cent of Rights will vest
■ exceeds the TSR of the constituent company at the 50 th percentile up to the 75 th percentile (upper quartile) in the comparator group	vesting of Rights will be on a sliding scale between 40 per cent and 100 per cent
■ exceeds the TSR of the constituent company at the 75 th percentile (upper quartile) in the comparator group	100 per cent of Rights will vest

26.7 per cent of the LTI award (i.e. one third of 80 per cent) will be tested relative to the TSR of the Morgan Stanley Capital International (**MSCI**) World Index. This is a global equity index consisting of companies listed in developed markets. It is considered an appropriate market index for South32 given the diversity of geographies across which it operates.

Vesting will occur on a sliding scale as outlined in the table below.

TSR Performance of the Company:	Vesting Outcome
■ is below the TSR of the MSCI World Index	0 per cent of Rights will vest
■ is equal to the TSR of the MSCI World Index	40 per cent of the Rights will vest
■ exceeds the TSR of the MSCI World Index by up to 23.9 per cent over four years	vesting of Rights will be on a sliding scale between 40 per cent and 100 per cent
■ exceeds the TSR of the MSCI World Index by at least 23.9 per cent over four years	100 per cent of the Rights will vest

The Board has the discretion to adjust the comparator groups to take into account events, including but not limited to, takeovers, mergers or demergers that might occur during the performance period.

b. Climate Change

A climate change strategic measure has been retained in Mr Kerr's LTI for FY23 at a weighting of 10 per cent, aligning remuneration with our approach to climate change. We have announced plans to reduce our operational greenhouse gas emissions (Scope 1 and 2) by 50 per cent by FY35, relative to our FY21 baseline, by implementing our decarbonisation framework, which includes:

- the advancement of conceptual projects through our capital investment tollgates, and the successful commissioning of identified emissions reduction projects;
- the ongoing assessment of new technologies and alternative energy sources; and
- continued participation and direct investment in research and development partnerships.

Consistent with our purpose, we will work to provide a just transition towards net zero in a way that supports our people, local communities and other stakeholders.

c. Portfolio

A portfolio strategic measure has been retained in Mr Kerr's LTI for FY23 at a weighting of 10 per cent, aligning remuneration with our critical portfolio decisions. We are planning to further reshape our portfolio and increase our exposure to the metals critical for a low-carbon future by:

- building a high-quality portfolio of greenfields and brownfields exploration and development options;
- optimising our existing portfolio by responsibly transferring ownership of non-core operations or transitioning them to closure;
- developing or acquiring operations which are cash generative through the cycle, improving the overall quality of our business; and
- maintaining discipline by adhering to our proven capital management framework.

d. Assessing performance for the strategic measures

Vesting outcomes for each strategic measure will be determined by the Board following the end of the four-year performance period on 30 June 2026 using a scale between 0 per cent and 100 per cent vesting (for outstanding performance) for each measure. The Board's rationale in assessing performance and determining these vesting

outcomes will be clearly articulated following the end of the performance period.

Full vesting of Mr Kerr's LTI award will only occur where the Company's:

- TSR significantly outperforms the TSR of the comparator groups, delivering value to Shareholders compared to alternative investments in similar asset classes. Two comparator groups have therefore been selected to ensure the TSR performance condition is appropriately robust and reflective of the sectors and markets to which South32 has exposure; and
- performance on the strategic measures, as assessed against defined criteria by the Board at the end of the performance period, has been outstanding.

There will be no re-testing if the performance conditions are not met. Any Rights that do not vest on testing will lapse.

Cessation of employment

The Board ultimately has discretion to determine how the LTI award will be treated upon cessation of employment with the Company to ensure an appropriate outcome in all circumstances. Unvested Rights may vest immediately (for example, if Mr Kerr ceases employment due to death or serious injury), lapse immediately (for example, if Mr Kerr resigns or is terminated for cause) or in any other circumstance, a pro-rata portion of the unvested award may remain on foot and be tested in the ordinary course (subject to the Board's discretion to lapse or vest the award).

Change of control

In circumstances where there is a likely change in the control of the Company, the Board has discretion to determine the level of vesting (if any) having regard to the portion of the vesting period elapsed, performance to date against the performance conditions and any other factors it considers appropriate.

Common terms of the LTI and STI awards

No rights before vesting

Rights are not ordinary shares and do not carry entitlements to dividends or other Shareholder rights (such as voting) prior to vesting.

Clawback and malus

The Board has broad discretion under the EIP to reduce or clawback vested and unvested awards in certain circumstances to ensure that no inappropriate benefit is obtained by the participant. These circumstances include, for example, where: a participant engages in misconduct, vesting of a participant's awards has been triggered

by another person's misconduct, there is a material misstatement in a South32 Group company's accounts or any other factor exists that justifies the exercise of the Board's forfeiture or clawback discretion.

Dealing restrictions

Mr Kerr is not permitted to deal with Rights granted as deferred STI or LTI awards to him before vesting. Mr Kerr is not allowed to protect the value of any unvested awards or to use unvested awards as collateral in any financial transaction, including hedging and margin loan arrangements.

Additional information

In accordance with ASX Listing Rule 10.15, the Company provides the following information in relation to the proposed grant of Rights.

- Mr Kerr's current total remuneration package comprises fixed remuneration (**FR**) of \$1,906,000, \$3,430,800 as his maximum STI opportunity (being 180% of FR) and \$3,812,000 as his face value LTI opportunity (being 200% of FR);

Voting Exclusion

A voting exclusion applies to this Resolution, which is set out in the Notice of Meeting under Resolution 4.

5 ADVISORY VOTE ON CLIMATE CHANGE ACTION PLAN

Resolution 5 is a non-binding advisory vote in relation to South32's Climate Change Action Plan (**CCAP**). The full Climate Change Action Plan is set out on pages 68-105 of the Company's 2022 Sustainable Development Report (in the 'Addressing Climate Change' section). The Sustainable Development Report is available on our website at <https://www.south32.net/investors-media/investor-centre/annual-reporting-suite>.

Delivering on our climate change commitments is fundamental to our purpose:

To make a difference by developing natural resources, improving people's lives now and for generations to come. We are trusted by our owners and partners to realise the potential of their resources.

Our approach to climate change is aligned to our purpose and integrated with our strategy and is focused on:

- reshaping our portfolio towards the base metals that are critical in the transition to a low-carbon world;
- decarbonising our operations, with a focus on the four operations within our portfolio which account for the majority of our greenhouse gas (**GHG**) emissions profile;
- understanding and responding to the potential physical impacts of climate change on our business to build operational resilience; and
- working with others to innovate and address shared challenges across industry, and to decarbonise the value chain.

Climate change is a material strategic and governance issue that is overseen by our Board, with the support of its standing Committees. The Board considers that integration of climate change mitigation and adaptation into our strategy is integral and oversees this integration together with the appropriate management of relevant risks and opportunities. Our Board is responsible for our strategy and also approves the South32 Group's overall climate change approach, policy positions and the Climate Change Action Plan.

The Climate Change Action Plan provides transparent disclosure of our approach to climate change. It describes the actions we are taking to address the risks and opportunities that climate change presents. This includes our GHG emission reduction targets¹ and goals² and the actions we intend to take to achieve them. As set out in the Climate Change Action Plan, we are committed to building on the foundations that have been put in place through our medium-term target and long-term goal for Scope 1 and 2 GHG emissions, by including our long-term goal of net zero Scope 3 GHG emissions by 2050.

The purpose of the vote on this Resolution is to seek Shareholder endorsement of our approach to climate change. Shareholders are not being asked to take responsibility for the Company's climate change strategy – that responsibility lies with the Board. The Board is ultimately responsible for execution of the Climate Change Action Plan, and oversees its operational implementation led by our CEO, together with our Lead Team.

Further detail on our approach to climate change, including our target and goals are set out in our Climate Change Action Plan which covers the following:

- Portfolio resilience
- Operational decarbonisation
- Scope 3 GHG emissions
- Physical climate risk
- Governance
- Climate change risk management

The vote on this Resolution will be advisory only and does not bind the Directors or the Company. While the vote on this Resolution is non-binding and the Board retains ultimate responsibility for strategy, it provides Shareholders with the opportunity to discuss and provide feedback on the Company's approach to climate change. We will engage with Shareholders to understand the outcome of the vote and the Board will take the outcome of this Resolution and feedback from Shareholders into consideration when determining the Company's approach to climate change going forward. Voting in favour of this Resolution shows support for both the Company and how it intends to progress its approach to climate change.

1 In the CCAP and section 5 of these Explanatory Notes, 'target' is defined as an intended outcome in relation to which we have identified one or more pathways for delivery of that outcome, subject to certain assumptions or conditions.

2 In the CCAP and section 5 of these Explanatory Notes, 'goal' is defined as an aspiration to deliver an outcome for which we have not identified a pathway for delivery, but for which efforts will be pursued towards achieving that outcome, subject to certain assumptions or conditions.

To provide transparency to Shareholders, we will continue to report our progress on climate change annually in line with the recommendations of the Task Force on Climate-Related Financial Disclosures. We remain committed to regular stakeholder engagement on our approach to climate change and the progress we are making. Progress updates will be provided annually in our Sustainable Development Report.

It is proposed that we will prepare an updated Climate Change Action Plan at least every three years which will be submitted to Shareholders for a non-binding advisory vote. We will consider seeking an advisory vote prior to then if significant changes are made to the CCAP.

Recommendation

The Board recommends that Shareholders vote **in favour** of approving the Climate Change Action Plan.

The Board recommends Shareholders vote **in favour** of Resolutions 2(a) to 5.

Voting at the Meeting by Shareholders

All items of business are ordinary resolutions and will be decided on a poll. Each Shareholder attending the Meeting has one vote for each fully paid ordinary South32 share.

You may vote in one of the following two ways:

- in advance of the Meeting, by appointing a proxy:
 - electronically, using the link embedded in the email (for those Shareholders who receive the notice electronically) or at www.investorvote.com.au; or
 - by returning the Proxy Form (refer to guidance below),
- by 12.00pm (AWST) on Tuesday, 25 October 2022; or
- during the Meeting either in person or virtually at <https://meetnow.global/S32AGM2022>.

Jointly held shares

Where shares are held jointly and more than one joint holder votes (either personally or by proxy, attorney or representative) in respect of a Resolution, the vote of the holder named first in the register will be accepted to the exclusion of the votes of other joint holders.

Appointing an attorney

A Shareholder may appoint an attorney to act on their behalf at the Meeting. If you wish to appoint an attorney, such appointment must be made by a duly executed power of attorney. If the power of attorney (or a certified copy) has not previously been provided to the Company's share registry, Computershare, then it must be provided before the Meeting.

Appointing a representative to vote on behalf of a body corporate

Where a Shareholder is a body corporate or a body corporate is appointed as proxy, the body corporate will need to ensure that:

- it appoints an individual as its corporate representative in accordance with section 250D of the Corporations Act to exercise its powers at the Meeting. An “Appointment of Corporate Representative” form signed in accordance with section 127 of the Corporations Act or by a duly appointed attorney can be used for this purpose. A copy of the form may be obtained from the Company’s share registry, Computershare, or online at www.investorcentre.com/au and select “Printable Forms”; and
- if the instrument appointing the corporate representative has not been previously provided to the Company’s share registry, Computershare, then it must be provided before the Meeting.

Appointing a proxy to vote on your behalf

A Shareholder entitled to attend the Meeting and vote at the Meeting has the right to appoint up to two proxies to act on their behalf. A proxy need not be a Shareholder of the Company and may be an individual or a body corporate.

Shareholders are encouraged to notify an appointed proxy of their appointment to enable them to participate in the Meeting and to exercise your voting instructions. Appointed proxies will need to contact Computershare Investor Services on +61 3 9415 4024 to request a unique email invitation link prior to the day of the Meeting. Refer to the Computershare Virtual Meeting Services Online Meeting Guide which is available on our website at <https://www.south32.net/investors-media/investor-centre/annual-general-meetings>.

A Shareholder entitled to cast two or more votes is entitled to appoint no more than two proxies to attend and vote at the Meeting and may specify the proportion or number of votes that each proxy is appointed to exercise. This may be done by specifying both names on the Proxy Form. If a Shareholder does not specify the proportion or number of votes that each proxy may exercise in the Proxy Form, each proxy may exercise half of their votes. Fractions of votes will be disregarded. The Proxy Form contains instructions for appointing two proxies.

Completing and lodging the Proxy Form

Shareholders are encouraged to complete their Proxy Form online. You will need a specific six-digit Control Number to vote online which will appear on your physical Proxy Form.

Shareholders are encouraged to direct their proxy how to vote. A Shareholder may direct their proxy how to vote by marking one of the boxes opposite each item of business on the Proxy Form (that is, 'for', 'against' or 'abstain'). If a Shareholder does not mark a voting box in respect of a Resolution, their proxy can vote or abstain as they choose, subject to any voting exclusions that apply to the proxy.

If you do not specify a proxy in your completed proxy vote or if the person you appoint as proxy does not attend the Meeting, the Chair of the Meeting will be taken to be your proxy by default. In accordance with the Corporations Act, any directed proxies that are not voted as directed on a poll at the Meeting will automatically default to the Chair of the Meeting, who is required to vote proxies as directed.

If you appoint the Chair of the Meeting as your proxy, or the Chair of the Meeting becomes your proxy by default, and you do not mark a voting box for Resolutions 3 or 4, then by submitting a Proxy Form you will be expressly authorising the Chair of the Meeting to vote in respect of the relevant Resolution even though it is connected with the remuneration of the Company's KMP.
