FATALITY AT WORSLEY ALUMINA

South32 regrets to advise that one of our contractor colleagues was fatally injured while carrying out work at Worsley Alumina this morning.

We extend our deepest sympathies and condolences to their family and co-workers, and we are working with our contracting partner to provide support and counselling at this difficult time.

Work not critical to the safety and stability of the site has been temporarily suspended and we are taking steps to understand what has happened and assisting the relevant authorities with their inquiries.

ENDS

About South32

Our purpose is to make a difference by developing natural resources, improving people's lives now and for generations to come. We are trusted by our owners and partners to realise the potential of their resources. We produce minerals and metals critical to the world's energy transition from operations across the Americas, Australia and Southern Africa and we are discovering and responsibly developing our next generation of mines. We aspire to leave a positive legacy and build meaningful relationships with our partners and communities to create brighter futures together.
