SOUTH32 PLEDGES A\$300,000 FOR KIMBERLEY FLOODS RELIEF

South32 has pledged A\$300,000 to the Lord Mayor's Distress Relief Fund to support those impacted by unprecedented flooding in the Kimberley region of Western Australia.

The funding will provide relief to Kimberley residents experiencing personal hardship as a result of the floods, which have been described as the worst in the State's history.

South32 is also matching employee donations to the Lord Mayor's Distress Relief Fund.

South32 CEO Graham Kerr said: "The unprecedented floods have had a devastating impact on communities in the Kimberley and have caused major damage to local homes, business and infrastructure.

"The thoughts of everyone at South32 are with those who have been affected. We also express our gratitude to emergency services personnel and volunteers who have worked tirelessly to assist impacted communities since the floods first hit.

"We are proud to make a contribution to the Lord Mayor's Distress Relief Fund to assist response and recovery efforts during this extremely challenging time."

About us

South32 is a globally diversified mining and metals company. Our purpose is to make a difference by developing natural resources, improving people's lives now and for generations to come. We are trusted by our owners and partners to realise the potential of their resources. We produce commodities including bauxite, alumina, aluminium, copper, silver, lead, zinc, nickel, metallurgical coal and manganese from our operations in Australia, Southern Africa and South America. With a focus on growing our base metals exposure, we also have two development options in North America and several partnerships with junior explorers around the world.
