

CREATING LONG-TERM VALUE

We aim to **unlock value** through the implementation of several growth projects at our high-grade Wessels mine

Horizontal and vertical mining development to unlock an additional mining area

Associated new tip, crusher and conveyors to enable doubling the production capacity of Wessels mine

We **unlock logistics capability** at both Wessels and Mamatwan Operations

Two new rail loops, one at each operation will allow the loading of longer and heavier trains, unlocking a shift from road to rail transport as additional Transnet capacity becomes available

DISCOVER A BRIGHTER FUTURE

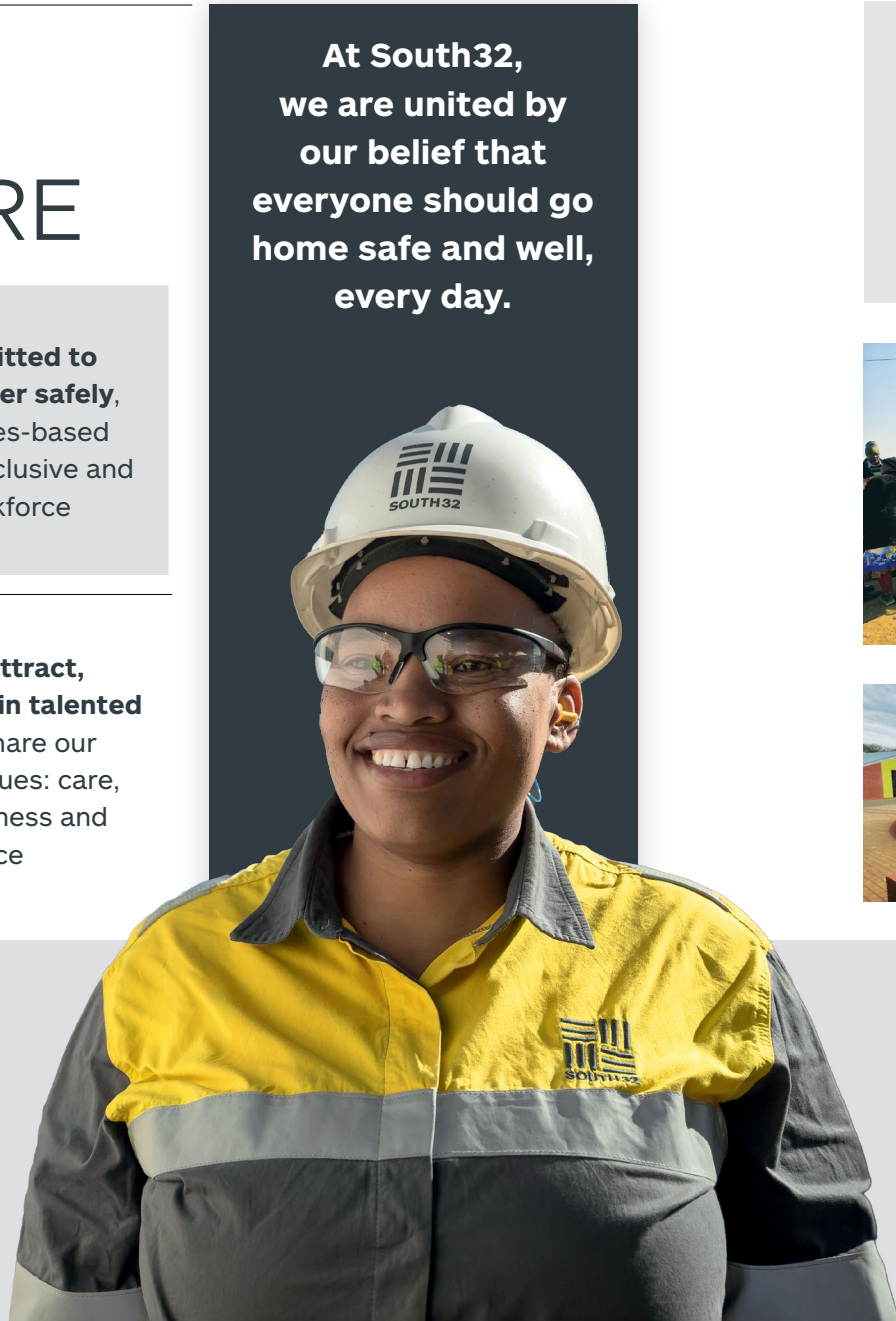

Our people are fundamental to our purpose – to make a difference by developing natural resources, improving people’s lives now and for generations to come

We are committed to **working together safely**, creating a values-based culture and an inclusive and diverse workforce

More than **90%** of employees at our South Africa Manganese operations are from local communities

We seek to attract, develop and retain talented people who share our purpose and values: care, trust, togetherness and excellence

My HMM, My Family, My Future.

MAKING A DIFFERENCE FOR GENERATIONS TO COME

We are a global business with a local focus, and **committed to building meaningful relationships in the communities where we operate**

In FY23 we invested over **R55 million** in communities around our South Africa Manganese operations, with a focus on:

- Education
- Economic participation
- Health and wellbeing
- Natural resources resilience

HMM is committed to growing local businesses, promoting local economic development, providing educational opportunities and creating thriving communities now and for generations to come.

SOUTH AFRICAN HEAVY HAUL ASSOCIATION CONFERENCE AUGUST 2024

BRIGHTER FUTURES, TOGETHER

OUR PURPOSE

Our purpose is to make a difference by developing natural resources, improving people's lives now and for generations to come. We are trusted by our owners and partners to realise the potential of their resources

REALISING THE POTENTIAL OF RESOURCES

We aim to create long term value by producing commodities that will play a critical role in the transition to a low-carbon future

Production record for South Africa Manganese in FY24

Our Hotazel Manganese Mines (HMM) comprise **the underground Wessels mine and open cut Mamatwan mine** in the manganese rich Kalahari Basin in the Northern Cape

South32 is proudly listed on the **ASX, JSE and LSE**

At HMM we are committed to creating value for our stakeholders, including our people, communities, suppliers, customers, governments and our shareholders.
