

SOUTH32 WORSLEY ALUMINA

COMMUNITY UPDATE

September 2025

KEEPING YOU IN THE LOOP!

It's been a vibrant and rewarding month of community engagement across the Boddington region. From inspiring conversations with high school students at the Careers Expo to supporting local events like the Boddington Senior High School Athletics Carnival and RUOK Day, we've continued to strengthen our connections and deliver on our commitment to being an active and positive presence in the community.

>>> UNTIL NEXT MONTH

Trever Stockil, General Manager Mine and Materials.

SOUTH32 INSPIRES FUTURE CAREERS AT THE 2025 BODDINGTON CAREERS EXPO

South32 volunteers supported the Shire of Boddington's 2025 Boddington Careers Expo which was hosted in partnership with the Boddington Community Resource Centre and Newmont Boddington Gold.

The event attracted over 400 students from schools across the Peel, Wheatbelt, and Great Southern regions. Students engaged with a diverse range of exhibitors to explore future education and employment opportunities available within the area.

Team members from a wide range of departments - including Geology, Survey, Environment, Training, Safety, External Affairs and Human Resources - were on hand to share insights and experiences.

A special highlight was the opportunity for students to meet two of South32's apprentices, who shared firsthand what it's like to apply for and work in an apprenticeship role.

Boddington local, Joan Batt, kindly loaned her model CAT trucks. Pictured with apprentices Jaylee Rimbis (1st Year - Heavy Diesel Mechanic) and Seth Lewis (2nd Year - Auto Motive Electrical).

Pine Pienaar, Vice President - Operations (left), and Trever Stockil, GM - Mine and Materials (centre) join the team of South32 volunteers.

Training Specialist, Tayla Armitage teaches students how to identify hazards.

Nashita Parmar (GIS Specialist) and David MacDonald (Senior Surveyor) share their survey and mapping experience with students.

South32 volunteers rotated throughout the day, offering students a dynamic glimpse into the diverse roles and departments across the company.

BODDINGTON DISTRICT HIGH SCHOOL FACTION ATHLETICS CARNIVAL

It was inspiring for us to see the outstanding effort and enthusiasm of all the students at Boddington District High School sports day. A big thank you to our incredible volunteers who helped with the long jump and triple jump events, assisting with setup and record-keeping throughout the day.

South32 team members measuring a long jump and raking the sand to reset for the next competitor.

Kevin Burton from Waroona won the Gross event.

The winner of the Nett trophy was Boddington's own Brian Walters.

Next year's winners prize was taken out by Dusty Jones and Bruce Evans.

SUNSHINE AT BODDINGTON OPEN DAYS

It was a beautiful, sunshine-filled day for 40 enthusiastic players at the recent Boddington Golf Club Men's Open Day. Boddington was proudly represented by 15 local competitors, with the remaining players travelling from across the region - including Mandurah, Toodyay, Cottesloe, Waroona, Wanneroo, Cuballing, Narrogin, Wagin, Darkan, and Rockingham.

South32 Worsley Alumina was proud to support the recent Ladies and Men's open days, contributing to

each Open Day and additional support to help the club purchase a portable toilet, improving access to facilities on the course and enhancing the experience for all participants.

Congratulations to all the competitors! Events like these not only showcase sporting talent but also bring communities together and celebrate the vibrant spirit of Boddington.

RUOK DAY 11 SEPTEMBER

South32 Worsley Alumina team members were proud to support RUOK Day at Boddington District High School, joining students from Kindergarten to Year 10 in a day dedicated to mental health and wellbeing. Throughout the event, team members assisted with a range of activities designed to spark meaningful conversations and encourage students to check in with themselves and each other. It was a valuable opportunity to promote connection, raise awareness, and reinforce the importance of looking out for one another.

AUGUST MEETING UPDATE: BODDINGTON CLC KICKS OFF FY26 AT QUINDANNING HOTEL

Our Boddington Community Liaison Committee (CLC) recently held its first meeting for the 2026 financial year at the historic Quindanning Hotel. The productive gathering brought together key stakeholders for discussions on South32 operations, environmental initiatives, and community engagement. This meeting reinforced a shared commitment to transparency and collaboration. If you have any concerns, please contact a member of the CLC—we're here to listen and support our community. Learn more at www.south32.net/worsley.

FAMILIES EXPLORE ENVIRONMENTAL REHABILITATION

The Streat and Tooby families recently attended our South32 Boddington Bauxite Mine August Rehab Tour, learning about the native habitats and different stages of rehabilitation across our site.

The monthly rehab tours at our Boddington Bauxite Mine enable the general public to experience firsthand our approach to environmental rehabilitation in action. We recognise the importance of rehabilitating land disturbed by our activities. We do this through progressive, ongoing rehabilitation, ecological restoration and threatened species management — supported by maintaining designated protected areas and no clearing of old-growth forest.

Join us for the next free monthly Rehab Tour on 30 October 2025.

Audry, aged 12 - "I like that you put plants back where you mine"

Faith, aged 13 - "It takes a lot of people to run a mine!"

🔍 Book your spot at www.south32.net/Worsley

Charlotte, aged 10 - "I learnt about the materials you mine and that it's a big process. The big trucks do lots!"

Summer, aged 9, and Louie the Monkey - "I liked seeing the fire truck, the giant digger and waving at the truck drivers!"

Ruby, aged 11 - "I learnt about the environment and the importance of seeds in emu poop"
