

# SOUTH32 WORSLEY ALUMINA

## COMMUNITY UPDATE

August 2025

South32 Worsley Alumina has proudly operated in the South-West and Peel regions for over 40 years — mining bauxite near Boddington, refining it into alumina near Collie, and exporting the alumina through Bunbury Port. Starting this month, we'll be sharing regular updates to keep you informed about our operations and community activities.

### WE'RE PART OF THE COMMUNITY

In June, our volunteers teamed up with the Leschenault Catchment Council to plant native seedlings along the Collie River foreshore at Soldier's Park – helping restore local biodiversity.

In July, we welcomed 20 UWA Chemical Engineering students for a three-day tour of South West resource sites. We hope to see them again – maybe even as future team members! In fact, over **70% of our employees** live in Boddington, Collie or Greater Bunbury.

In August, we were proud to support the Clontarf Foundation Employment Forum, a key development event for Year 11 and Year 12 students to connect with industry partners and explore career pathways.

### COMMUNITY GRANT APPLICATIONS

Do you know a local group doing great work?

Our Community Grants Program offers **grants of up to \$5,000** (GST exclusive) to support projects that benefit the Collie and surrounding communities.

*Dusti Rowden, finalist in the 2025 CME Women In Mining Awards, chats with attendees at the Inspiring Girls Forum.*

### PAVING THE WAY

South32 Worsley Alumina was proud to sponsor the Chamber of Minerals and Energy of Western Australia Inspiring Girls Forum on 31 July 2025 — a key event that empowers young women to explore careers in the mining and resources sector.

We were especially proud of Dusti Rowden, Technician Maintenance Fitter at our Collie Refinery, who delivered a powerful keynote address:

“To every young girl who’s ever been told something’s not for her — I’m telling you: this is.”

Dusti shared her career journey, the opportunities she’s embraced at Worsley, and the many rewarding paths available to those willing to step forward.

Come and join the South32 Worsley Alumina team on our next monthly rehab tour on **25 September** at our **Boddington Bauxite Mine**.

If you have any concerns or want to speak to South32 you can contact us at [worsleycommunity@south32.net](mailto:worsleycommunity@south32.net) or contact South32 Boddington Bauxite Mine by phone on 1800 555 958.
