

SOUTH32 WORSLEY ALUMINA

COMMUNITY UPDATE

December 2025

BUILDING STRONGER COMMUNITIES

We're committed to building strong, thriving communities. That's why, between July 2024 and June 2025, we invested **\$1.9 million** in the South West and Peel regions through our social investment initiatives. This included over **\$160,000** in support of **49 local projects** through our Community Grants Program.

It's about focusing on a brighter future, together.

LOCAL SPONSORSHIP SNAPSHOT

November was full of energy, colour, and community spirit — and we were thrilled to be part of it through our **sponsorship** of local events.

- The **South32 Bunbury Women's Triathlon** marked its 20th year at the November event. From first timers to seasoned athletes, women of all ages embraced the challenge, making it a truly inclusive celebration of sport. As naming rights sponsor for the third year of our four year partnership, we're proud to see the event continue to grow as a welcoming highlight on the sporting calendar.

- We sponsored the 2nd **Harvey Rotary Recycling Regatta** at the Peter Topham Memorial Swimming Pool. Teams turned recyclable drink containers and coloured gaffer tape into wild watercraft, testing balance, creativity, and determination. The crowd loved every moment — proof that recycling can be fun!
- As proud sponsors of several local agricultural shows, we joined in the fun at the **Dardanup Bull and Barrel Festival**, supported the **Waroona Agricultural Show** as first time sponsors, and lit up the sky as the fireworks sponsor at the **Brunswick Agricultural Show**. Each event was a fantastic showcase of local spirit, creativity, and tradition.

LOCAL VOICES SURVEY

We love hearing from you! Twice a year, we check in with our communities through the Local Voices Community Pulse Survey. The latest results are in — and they're full of insights. Explore the findings now at **south32.net/worsley**.

EXPERIENCE OUR REHAB TOURS

Join us on our free monthly rehab tour at our **Boddington Bauxite Mine**.

COMMUNITY GRANT PROGRAM UPDATE

Our August **grant round** has wrapped up, and recipients are already celebrating their achievements.

The **Bunbury Regional Athletics Club** used their grant to purchase and install two long jump pit covers, so that all six pits are now protected with custom fit covers. This upgrade saves valuable time on weekly cleanups and reduces replacement sand costs, while ensuring the venue remains in top condition for the many athletics clubs and local schools who use it.

We can't wait to see what ideas our community brings forward in 2026. Start preparing your submission for our next round, due to open early in 2026 – find out more by visiting our website **south32.net/worsley/community**.
