

**JANNA BEDFORD-OWEN**

Company: NTC GROUP (Pty) Ltd

Principal Consultant

Mobile: +27 82 302 8331

Email: [janna@ntcgroup.co.za](mailto:janna@ntcgroup.co.za)

**BRIEF PROFILE**

Janna has 11 years' post-graduate experience in the field of environmental consulting and has managed and coordinated a number of multi-disciplinary environmental projects, including *inter alia* environmental management programme report updates / amendments for Anglo American Thermal Coal: Isibonelo and New Vaal Collieries, Royal Bafokeng Platinum Mine, Anglo American Platinum (Dishaba and Tumela Mines) and AngloGold Ashanti (Vaal and West Wits operations). Further to this, she has compiled several environmental management plans, as per both national and international Green Star rating standards, for a variety of developments within the greater Gauteng, as well as completed compliance monitoring thereof. Janna is experienced in environmental authorisation process and legislation training, and was an IEMA registered Lead Trainer for environmental management system (EMS) implementation (International Organization of Standardization [ISO] 14001). She also has experience in system implementation and alignment, and internal auditing (Modikwa and Mogalakwena, as well as Twickenham Mine).

She has extensive auditing experience in the commercial, industrial and mining sectors and in accordance with a variety of legislature such as the National Water Act, National Environmental Management Act, National Environmental Management: Waste Act and the Mineral Petroleum Resources Development Act, as well as provincial and local legislations as applicable.

Her skills include environmental project management, environmental impact assessments, public participation, environmental management programmes, compliance monitoring and auditing, limited sustainability consulting and strategic assessments.
