

# Refinery Process Operator Trainee

KICK START YOUR FUTURE LOCALLY

## Worsley Alumina Traineeship

This is a fantastic opportunity to be part of this two-year Traineeship Program commencing on December 4, 2022. Our traineeships work towards a nationally recognised qualification and are designed to learn the skills required to operate a chemical process plant and build a future career in the industry.

Our Trainees receive supportive leadership and quality on the job training, coaching, and mentoring from our qualified Operators, Coaches and Trainers.

Assessment days will take place in Collie at the Refinery on October 4 and 5, 2022.
